

# Horticulture Division General Information 2020-2021

(edited July 2020 to reflect "Virtual Exhibits")

*Due to the Covid-19 pandemic, the Club will hold Horticulture Exhibits instead of Competitions. The exhibits will be virtual, with entries submitted by photograph, as described in these rules. Entries will be available for viewing online the day of the Program Meeting. Plant specimens will be critiqued and awarded one (1) point for participation. All Horticulture rules still apply.*

All Club members are encouraged to enter a plant specimen in the monthly Horticulture Exhibits according to the schedules listed in this *Yearbook* Calendar. Provisional members are required to exhibit one (1) specimen in their Provisional term. All horticulture entries will be critiqued, *NOT* judged.

## **RULES:**

1. Only one (1) Horticulture entry per exhibitor.
2. Entry forms will be available on the Garden Club website on the first day of the month when Exhibitions are held.
3. Entries will be accepted beginning on first day of the month when Exhibitions are held and must be submitted **ten (10) days** prior to the monthly Program Meeting as listed in this *Yearbook*.
4. Exhibitors must submit three (3) digital photos of the entry specimen: one view from the front, one view from the top, and one view determined by the Exhibitor to best convey additional information about the entry. Entry form must include measurement of overall length of specimen (excluding container). The online Entry Form contains directions for submitting the digital photos of the Horticulture entry.
5. Refer to the schedule for additional information regarding any exhibiting details.
6. By submitting the completed form, the entrant declares this entry is from her/his garden or home.
7. Entries that do not comply with the above guidelines cannot be considered.
8. Exhibitors are encouraged to consult *The Handbook for Flower Shows, 2017*, Chapter 6, for information about preparing entries for exhibition.
